If I could summarize my journey in one word, it would be...

INSPIRATIONAL

My Story...

I founded Marriage Maestros (or rather, it found me) back in 2002 when a bride-to-be asked me to be her wedding planner. I was working at a friend's bridal boutique whilst contemplating my future following a failed business venture.

I had never heard of 'wedding planning' before as it didn't exist in Hong Kong at the time. With the help of a friend and only a month to go, we managed to relocate the wedding from Bali to Hong Kong. Shortly after, we successfully 'rescued' another wedding, and the rest as they say, is history!

Signature style that is unique to my work...

Creating timeless, unforgettable, signature weddings is what we do best. With every wedding that we curate, we always incorporate that one memorable moment or highlight a signature style that is unique to each individual couple. For us, there is no such thing as repetition.

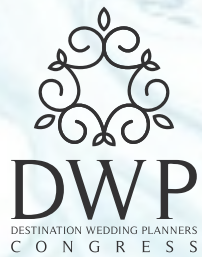

My dream destination.....

Kia Ora! My ultimate dream destination would have to be the stunning 'land of the long white cloud'. Everything about New Zealand captivates me.

Red Rose Romance...
